

Sanitation Solutions will begin placement of residential Polycart(s) and commercial containers on February 21, 2017. Residents should refrain from using the NEW Polycart(s), because Sanitation Solutions official date of service does not begin until February 28, 2017.

Half of the town will be picked up on Tuesday's and the other half on Wednesday's. Sanitation Solutions has provided the attached City Map that reflects the service schedule as well.

## **WEEK A**

---

- ❖ Residential trash customers will be collected on Tuesday. This will be a take-all trash service designed to collect normal waste, bundled or reasonably contained brush, and bulky waste items all in the same truck. Brush should not exceed three (3) cubic yards and we ask that residents remove all feeder branches and stack length-wise at the curb for collection.
- ❖ Residential recycling will be collected every other Monday.

## **WEEK B**

---

- ❖ Residential trash customers will be collected on Wednesday. This will be a take-all trash service designed to collect normal waste, bundled or reasonably contained brush, and bulky waste items all in the same truck.
